A literary movement that started in the late 1920s and 1930s and originated in reaction to traditional criticism that new critics saw as largely concerned with matters extraneous to the text, e.g., with the biography or psychology of the author or the work's relationship to literary history. Philosophy of language - New World Encyclopedia Philosophy of language is the reasoned inquiry into the nature, origins, and usage of language. As a topic, the philosophy of language for Analytic Philosophers has been concerned with four central problems: the nature of meaning, language use, language cognition, and the relationship between language and reality. For Continental philosophers, however, the philosophy of language tends to be ...
