Criminal Profiling - 4th Edition - Elsevier Focused on Behavioral Evidence Analysis (BEA), a method of criminal profiling developed and refined by the author over the past 15 years, the fourth edition of Criminal Profiling maintains the same core foundation that made previous editions best sellers in the professional and academic community worldwide. Will the Monograph Experience a Transition to E-Only ... Although journals, other serials, and reference have made a large scale transition away from print, we must not assume that the same path will inevitably be pursued for other components of collections. A combination of business models, reading practices, and other user needs will play the biggest role in determining the prospects for the printed monograph.
