Body weight is measured in kilograms, a measure of mass, throughout the world, although in some countries such as the United States it is measured in pounds, or as in the United Kingdom, stones and pounds. Most hospitals, even in the United States, now use kilograms for calculations, but use kilograms and pounds together for other purposes. Christopher Langan - Wikipedia Christopher Michael Langan (born March 25, 1952) is an American independent scholar known for his claim of having a very high IQ. In an interview, Errol Morris on First Person in 2001, related that his IQ is "somewhere between 190 and 210". As a result of his supposed score, he has been described as "the smartest man in America" as well as "the smartest man in the world" by some journalists.
