International Encyclopedia of Political Science . Luhmann and Systems Theory - Oxford Research Encyclopedia ... Introduction. Niklas Luhmann is one of the most pre-eminent social theorists of the twentieth century. His inclusion in an encyclopedia on politics is not only warranted by his comprehensive theory of society, which analyzes politics as one among a range of specific function systems of society, but also by his more specific works on that function system and various aspects of political sociology. Political System | Encyclopedia.com Political system as a methodological concept grew out of efforts to scientifically study politics and predict political behavior using the “systems approach,” an intellectual movement arising late in the first half of the twentieth century advocating the application of physical and biological systems models to the study of human behavior (Hammond 2003).
